& Computing

FLORIDA INTERNATIONAL UNIVERSITY

Division of External Programs

Florida International University is Miami's first public university. Its colleges and schools offer more than 180 bachelor's, master's and doctoral programs in fields such as engineering, international relations, architecture, law and medicine. As one of South Florida's anchor institutions, FIU is worlds ahead in its local and global engagement, finding solutions to the most challenging problems of our time.

FIU emphasizes research as a major component of its mission and enrolls 46,000 students in two campus and three centers including FIU Downtown on Brickell and the Miami Beach Urban Studios. More than 140,000 alumni live and work in South Florida.

Division of External Programs

TAKE THE NEXT STEP

Regardless of where your career goals are taking you, the Division of External Programs (DEP) is here to meet your needs. Whether you are looking at the next big promotion, moving into a new field or expanding your potential, the DEP offers the quality, convenience, and innovation you are looking for.

Classes are taught by the College's renowned faculty at partner locations throughout Florida and around the world, online and on campus at the FIU Engineering Center and the FIU Pines Center. We offer program specialists to support you at every step of the process. Many courses include Continuing Education Units (CEUs) or Professional Development Hours (PDHs).

Contact the DEP today to learn more and take the next step in your career.

PROFESSIONAL PROGRAMS ■ ■ ■

TAKE THE FAST TRACK.

Graduate programs designed for working professionals.

■ Professional MS in Engineering Management

Start dates in January and August

Earn your MS in one year with this accelerated Saturday-only program combining engineering, business and law with customized technical electives providing the leadership and management skills needed for engineers and working professionals to succeed in technology-based industries.

■ Professional MS in Construction Management

Start dates in January and August

Earn your MS in one year with this accelerated Saturday-only program combining technical, managerial, and business courses providing working engineers, architects, and construction and business professionals with a comprehensive education including the theory and practical applications that are needed to succeed as a construction executive.

CONTINUING EDUCATION ■ ■ ■

STAY ON TOP.

Classes, exam preparation, certificate programs and training for engineers and related professionals.

- Online courses available nationwide
- Courses available at FIU partner locations throughout Florida
- Onsite corporate training and group/package discounts available
 - Construction Training Qualification Program (CTQP)
 - Fundamentals of Engineering (FE) Review Course
 - General Contractor (GC) Review and Continuing Education
 - LEED Training Workshops
 - Maintenance of Traffic (MOT) Training
 - OSHA Construction Safety, General Industry Safety, and HAZWOPER Training
 - Professional Engineer (PE) Review Course
 - PE Continuing Education Seminars

EXECUTIVE EDUCATION ■ ■ ■

MOVE FORWARD.

Increase your salary and enhance your professional skills with executive education.

- ISO 9001 Lead Auditor Training - Quality Management System Certification
- IT Academy
- Lean Green
- Lean Manager
- Lean Systems
- Six Sigma Green Belt
- Six Sigma Black Belt
- Supply Chain

ONLINE PROGRAMS ■ ■ ■

LEARN AT YOUR CONVENIENCE.

Through the Florida Engineering Education Delivery System (FEEDS) we provide the freedom and flexibility of graduate programs and undergraduate courses to working professionals and students through live-stream over the Internet, anywhere and anytime.

GLOBAL PROGRAMS ■ ■ ■

CONNECT WITH FIU.

As a truly international university, in addition to online programs for our global students, the DEP offers onsite programs in collaboration with partner universities throughout Latin American, the Caribbean and China including dual degree programs, articulation programs, overseas programs, and scholarship programs.

INNOVATION PROGRAMS ■ ■ ■

DEVELOP YOUR IDEAS.

The Collaborative Open Innovation Lab (COIL) is a non-credit continuing education course assisting professionals and students to encourage the development and sustainability of an innovation ecosystem consisting of faculty, students and the professional design and development community and related stakeholders in South Florida. Develop both the network and resources to take your technology projects to the next level.

CUSTOM PROGRAMS ■ ■ ■

LET US COME TO YOU.

The CEC brings a unique global perspective to engineering education that can be customized to meet the needs of your organization. Contact the Division of External Programs to discuss a specific training solution for your company.
